

For Current NeuroShell Trader Owners Only!

Once you have developed a successful NeuroShell Trader model, you may want to trade those charts on a separate computer from your development machine to minimize interference from other programs. Since NeuroShell Trader is only licensed to run on one computer at a time, you need two copies of NeuroShell Trader.

Here's the solution:

Buy a second copy of the NeuroShell Trader version you currently own and take 50% off the list price.

Here's how it works:

Send your name, E-mail address, NeuroShell Trader serial number and current product version to sales@wardsystems.com and say that you want to take advantage of this exclusive offer.

We will send you a link to a shopping cart which includes the reduced price.

This offer is strictly for NeuroShell Trader 6 or 7 owners and may not be combined with other offers.

ACT NOW because this offer is not going to last
