

NeuroShell Trader

The Ultimate Strength Index can be easily implemented with a few of NeuroShell Trader's over 800 indicators. Simply select 'New Indicator ...' from the 'Insert' menu and use the Indicator Wizard to create the following indicators:

```
USU: UltimateSmoother(Avg(IfThenElse(A>B(Close,Lag(Close,1)),Sub(Close,Lag(Close,1)),0),4),14)
USD  UltimateSmoother(Avg(IfThenElse(A<B(Close,Lag(Close,1)),Sub(Lag(Close,1),Close),0),4),14)
USI: Divide ( Subtract( USU, USD ), Add2( USU, USD ) )
```

Note that the UltimateSmoother indicator is from the April 2024 Trader's Tip. Users of NeuroShell Trader can go to the STOCKS & COMMODITIES section of the NeuroShell Trader free technical support Website to download a copy of any of the traders' tips.
